I request that WorldwideFirearms/Donald Ray Cresswell apply to transfer the above suppressor/class 3 item to me using the forms I have completed as enclosed. I understand that it normally takes around 60 days from the time the transfer request is initiated before transfer is approved and I can take possession of the above suppressor (sometimes it may take longer). If WorldwideFirearms does not have this exact suppressor/item in stock at the time this order is received I authorize WorldwideFirearms to deposit my check immediately, order the suppressor/item and begin the transfer to me once the suppressor/item is received (I understand it could take 45 days or longer for WorldwideFirearms® to receive the above item before the transfer process to me can begin.) I understand the entire process can take several months depending on how quick ATF/FBI processes forms, suppressor/item availability and delivery time from manufacturer – once this order is placed it can not be cancelled without the consent of WorldwideFirearms/Donald Ray Cresswell. If I am ordering this suppressor/item through a corporation, LLC or trust, I certify to WorldwideFirearms that I am not a convicted felon and that there is no reason why I can not legally purchase or possess this item as an individual and I agree to submit to a criminal background check at the discretion of WorldwideFirearms®.
